

The Kia Niro.

More range.
More time.
More inspiration.

A green Kia Niro Hybrid is parked on a stone-paved area in front of a modern building with a curved, light-colored facade. A man in a brown jacket and light-colored trousers is walking towards the car. The sky is blue with some clouds.

Hybrid thinking. Smarter driving.

Driving sustainably should be as easy and convenient as possible. So, make way for the Niro Hybrid. The Niro Hybrid automatically switches between a highly efficient petrol engine and electric power or can also run on a combination of both. It utilises Kia's smart regenerative power system to recharge the battery. Add to that its distinctive design with its optional contrasting Aero C-Pillar and you obtain an expressive yet very capable crossover.

Interior.

The wonder of space. At your own pace.

Minimalist interior. Immersive enjoyment.

Sit inside the Niro and you'll discover what driver-centric design really means. The Niro introduces the latest advances in technology and sustainable materials. All around you, you will find the very best in smart and sustainable design: from the slim stylish seats adding to the roominess, to textured recycled materials. This is your space for your time.

The Niro is spacious in size, minimalist in detail and welcoming in every way. Our designers have combined the latest in high tech design and technology with eco-friendly/recycled materials inspired by nature. Along with smarter seating to maximise comfort and minimise fatigue, we focused our utmost attention on a relaxing experience for you and your passengers. In addition, the intuitive user-friendly features and functions are designed for easy interaction making the Kia Niro more than just a futuristic space to drive in but also a space for inspiration.

Multimode Controls. An

innovative way to make the interior less cluttered and more intuitive. Easily switch between infotainment and climate controls with a simple touch.

Shift-By-Wire Rotary Dial.

Located centrally and within easy reach, the electric rotary dial operates using shift-by-wire technology, enabling precise and immediate gear shifting

Safety.

Less to worry about. More time to enjoy.

Blind Spot Collision Avoidance Assist.

When you signal a lane change, you are warned if a risk of collision is detected with a vehicle beside you or approaching from the rear. Blind-Spot Collision-Avoidance Assist also watches out for you when pulling out of parallel parking spaces, warning you about oncoming traffic behind you.

Highway Driving Assist 2. It makes motorway driving a breeze. When engaged, it automatically adjusts your target speed to the limit in force, helps you keep centered in your lane and modulates your speed based on a safe distance to the vehicle ahead. It also offers a “lane-change-assist” function, which helps you change lane if possible when you indicate (Niro EV only).

Navigation Based Smart Cruise Control. Set a target speed and your Niro's speed adjusts based on a safe distance to the vehicle ahead and the curvature of the road.

Forward Collision-Avoidance Assist 2 (FCA 2) with junction turning and crossing. It uses a front-view camera and radar to detect vehicles, pedestrians or cyclists ahead. By warning and braking automatically, it can help you avoid, or reduce the severity of an accident. The system also engages when you are crossing or turning at an intersection (Niro EV only).

Forward Collision-Avoidance Assist 1.5.

Evaluating both camera and radar data, it analyses info about other cars, pedestrians or cyclists ahead to avoid a potential collision with them. It also functions to prevent collisions with oncoming vehicles when turning right at an intersection. If it detects a potential collision, a warning signal appears on your instrument cluster and maximum braking power is applied.

Lane Keep Assist. This monitors road markings to help you keep your vehicle in the centre of your lane.

Specifications.

The Niro '2' Hybrid

Paint colours

Engine and transmission

- 1.6 GDi 1.32 kWh 139bhp Auto (Hybrid)

- 16" Alloy Wheels
- 2 x C-type port on side of front seats
- 2x Front USB Charge ports (1 x C-type / 1 x USB)
- 4.2" Supervision Cluster
- 6-Speaker Audio System
- 8" Touchscreen Display
- All-round Electric Windows with Driver's Auto Up/Down Function
- Android Auto & Apple CarPlay**
- Anti-Lock Braking System (ABS)
- Bluetooth with Music Streaming
- Body Colour Door Mirrors
- Centre Fascia Metal Paint

- Centre Fascia Metal Paint
- Cloth Upholstery
- Driver Manual Adjusted Seat
- Dual LED Headlights (Low & High Projection)
- Electrically Heated Door Mirrors
- Electronic Stability Control (ESC)
- Folding Rear Seats
- Forward Collision-Avoidance Assist (FCA 1.5) Car/Pedestrian/Cyclist/Junction Turning
- Inside Door Handle Metal Paint
- Lane Follow Assist (LFA)
- Lane Keep Assist System (LKAS)
- LED Daytime Running Lights
- Luggage Board
- Manual Folding Door Mirrors
- Overhead Console, 2nd Row & Luggage Lamp - Bulb Rear LED Lights
- Rear Parking Sensors
- Rear Solar Glass

- Roof Rails
- Smart Cruise Control with Stop/Go Functionality (SCC) Solar Windshield
- Standard Door Scuff Plates
- Tow Pack (wiring)
- Tyre Mobility Kit
- Tyre Pressure Monitoring System (TPMS)

Movement that inspires

Movement that inspires

At Kia, we believe movement inspires ideas. Great ideas come to you when you're on the move. Whether you're walking, traveling on a train or driving. It's why we create the spaces and the time you need to bring ideas to life.
